General characteristics

- Foodshields are the complement to protect the products displayed and minimize the potential for contamination by a customer.
- Designed to be installed on Drop-In Elegance elements.
- Body structure and brackets specially manufactured in high-quality stainless steel.
- Brackets are made of pipe with clamps to hold the glass at the top.
- Brackets are fixed to the worktop by using screwing plates underneath. The fixing is very strenght due to the 2 screws per column.
- In models with light & heat or light, an ON/OFF switch is built in the front side with an orange light pilot that indicates if the foodshield is working.
- Foodshields include the glass.
- Operating voltage: 230V 1N 50/60Hz
- Neutral foodshield and 1-side curved glass**
- Brings protection to food against sneezing, coughing or breathing.
- Glass with 1 side curved, suitable for elements installed as self-service systems where a person serves to customers.
